

THE NORTHWEST'S FINEST ORGANICALLY GROWN

NINE STAR RANCH

Farah & Tulsi Ramchandani
Wilsonville, Oregon

Farah and Tulsi Ramchandani purchased their home and property near Wilsonville, Oregon, in 2005. There was a mature Kiwi Berry orchard on the land; like many people, when the Ramchandanis first moved to their new "farm" they had never heard of, much less tasted, Kiwi Berries. This is no longer the case, as the Ramchandanis are now immersed in farm life, growing and selling some of the best tasting Kiwi Berries available under the LADYBUG label. Kiwi Berries do not require any pesticides in order to fend off predators. While the fruit is maturing, bugs or animals will not attack it because it tastes terrible! The crop needs constant care, but the Ramchandanis treat it as if it were their own child — from a well-attended pregnancy to a miraculous birth.

Nutritional Powerhouse

The health benefits of Kiwi Berries are phenomenal. They contain over 20 nutrients; twice the amount of Vitamin E, yet only 60% of the calories of an avocado; 5 times the Vitamin C of an orange; more potassium than bananas; high in fiber and rich in folic acid.

Farah Ramchandani

"Work on the ranch is, and continues to be, a gradual learning process."

Crops

Kiwi Berries

Acreage

30 acres
Certified Organic
since 2005

LADYBUG Brand is brought to you by

Organically Grown Company

Employee and Grower Owned

Organic and beyond — LADYBUG represents family-owned and operated, organic and Salmon-Safe certified farms located throughout the Pacific Northwest. Working in a spirit of cooperation, LADYBUG farms plan the production of nearly 100 fruit and vegetable crops each year. We take pride in the quality of our crops and our role in creating environmentally-conscious agriculture.
