

THE NORTHWEST'S FINEST ORGANICALLY GROWN

SPRING HILL FARM

Jamie Kitzrow & Lisa Schwartz
North Albany, Oregon

Among the houses and hills of North Albany is an organic oasis of herbs and vegetables called Spring Hill Farm. Since 1989, the farm has been producing a multitude of delicious produce for Northwest eaters. Jamie is passionate about plants and his farmworkers, "We farm organically to avoid putting chemical toxins into the broader environment, to grow healthy and nutritious produce, to preserve and improve soil quality for use by future generations, and to provide a healthy work place for our employees." Spring Hill's crew of 40 is hardworking and dedicated to the cause, many of them have been there for over 10 years. They are treated with kindness and respect, and are also offered a generous share of the farm's profit each year.

Keeping it Green

- Compost and cover crops
- Beneficial insects and organisms
- Purchasing 100% Blue Sky renewable energy
- Reusable harvest containers

Acreage

45 acres
 Certified Organic
 since 1995

Jamie Kitzrow

"There was never a question whether we would farm organically or conventionally. Farming organically is the only way we would ever farm."

Crops
